InterVIEW - performanta, recunoastere, inovare

In spatele unei cariere de succes se ascunde o poveste. Din dorinta de a impartasi comunitatii academice povestea de viata a cercetatorilor romani cu rezultate remarcabile, care sustin stiinta prin performante demonstrate si recunoscute la nivel international, Unitatea Executiva pentru Finantarea Invatamantului Superior, a Cercetarii, Dezvoltarii si Inovarii lanseaza proiectul „InterVIEW - performanta, recunoastere, inovare”.

Proiectul consta in realizarea unei serii de interviuri cu cercetatori de prestigiu din tara care au implementat proiecte de anvergura finantate de UEFISCDI.

In aceasta prima etapa personalitati din domeniul precum chimie, biologie si inginerie (robotica) au raspuns invitatiei noastre de a ne face cunoscute reusitele sau obstacolele care stau la baza unei cariere de succes in stiinta. Astfel incepem sa rulam filmul povestilor alaturi de:

- [Acad. Ionel HAIDUC](#)
- [Prof. Marieta COSTACHE](#)
- [Prof. Cristian SMINCHISESCU](#)

Fondul Tematic Cercetare

Romanian - Swiss Research Programme 2011-2016

Swiss National Science Foundation (SNSF) si Unitatea Executiva pentru Finantarea Invatamantului Superior, a Cercetarii, Dezvoltarii si Inovarii (UEFISCDI), sunt organizatiile responsabile in implementarea acestui program de cooperare. Bugetul total alocat pentru JRPs (Joint Research Projects) este de 10.35 Mil CHF (85% contributie elvetiana, 15% contributie romaneasca). Valoarea maxima alocata pe JRP va fi de 450,000 CHF.

Arile tematice:

- Research on the following major diseases: cancer, cardiovascular diseases, diabetes and obesity;
- Impact of waste and pollutants on environment and climate;
- Sustainable energy;
- Economic Growth and Social Disparities.

Va fi lansata o singura competitie (30 septembrie 2011), termenul limita de depunere a aplicatiilor fiind 31 ianuarie 2012. Propunerile de proiecte vor fi elaborate de catre echipe de cercetatori din Elvetia impreuna cu echipe de cercetatori din Romania si vor fi depuse de aplicantii elvetieni, utilizand sistemul electronic *mySNF*.

Romanian participation in the Swiss – Romanian Cooperation Programme

SCIEX Programme – PhD and Post Doc Fellowships

- Total budget: 6.681.500 CHF;
- **84 fellows – 24 PhD candidates and 59 Post Docs;**
- **2/3 women researchers** – positive discrimination!?

Romanian participation in the Swiss – Romanian Cooperation Programme

Research Programme

Romanian - Swiss Research Programme 2011-2016

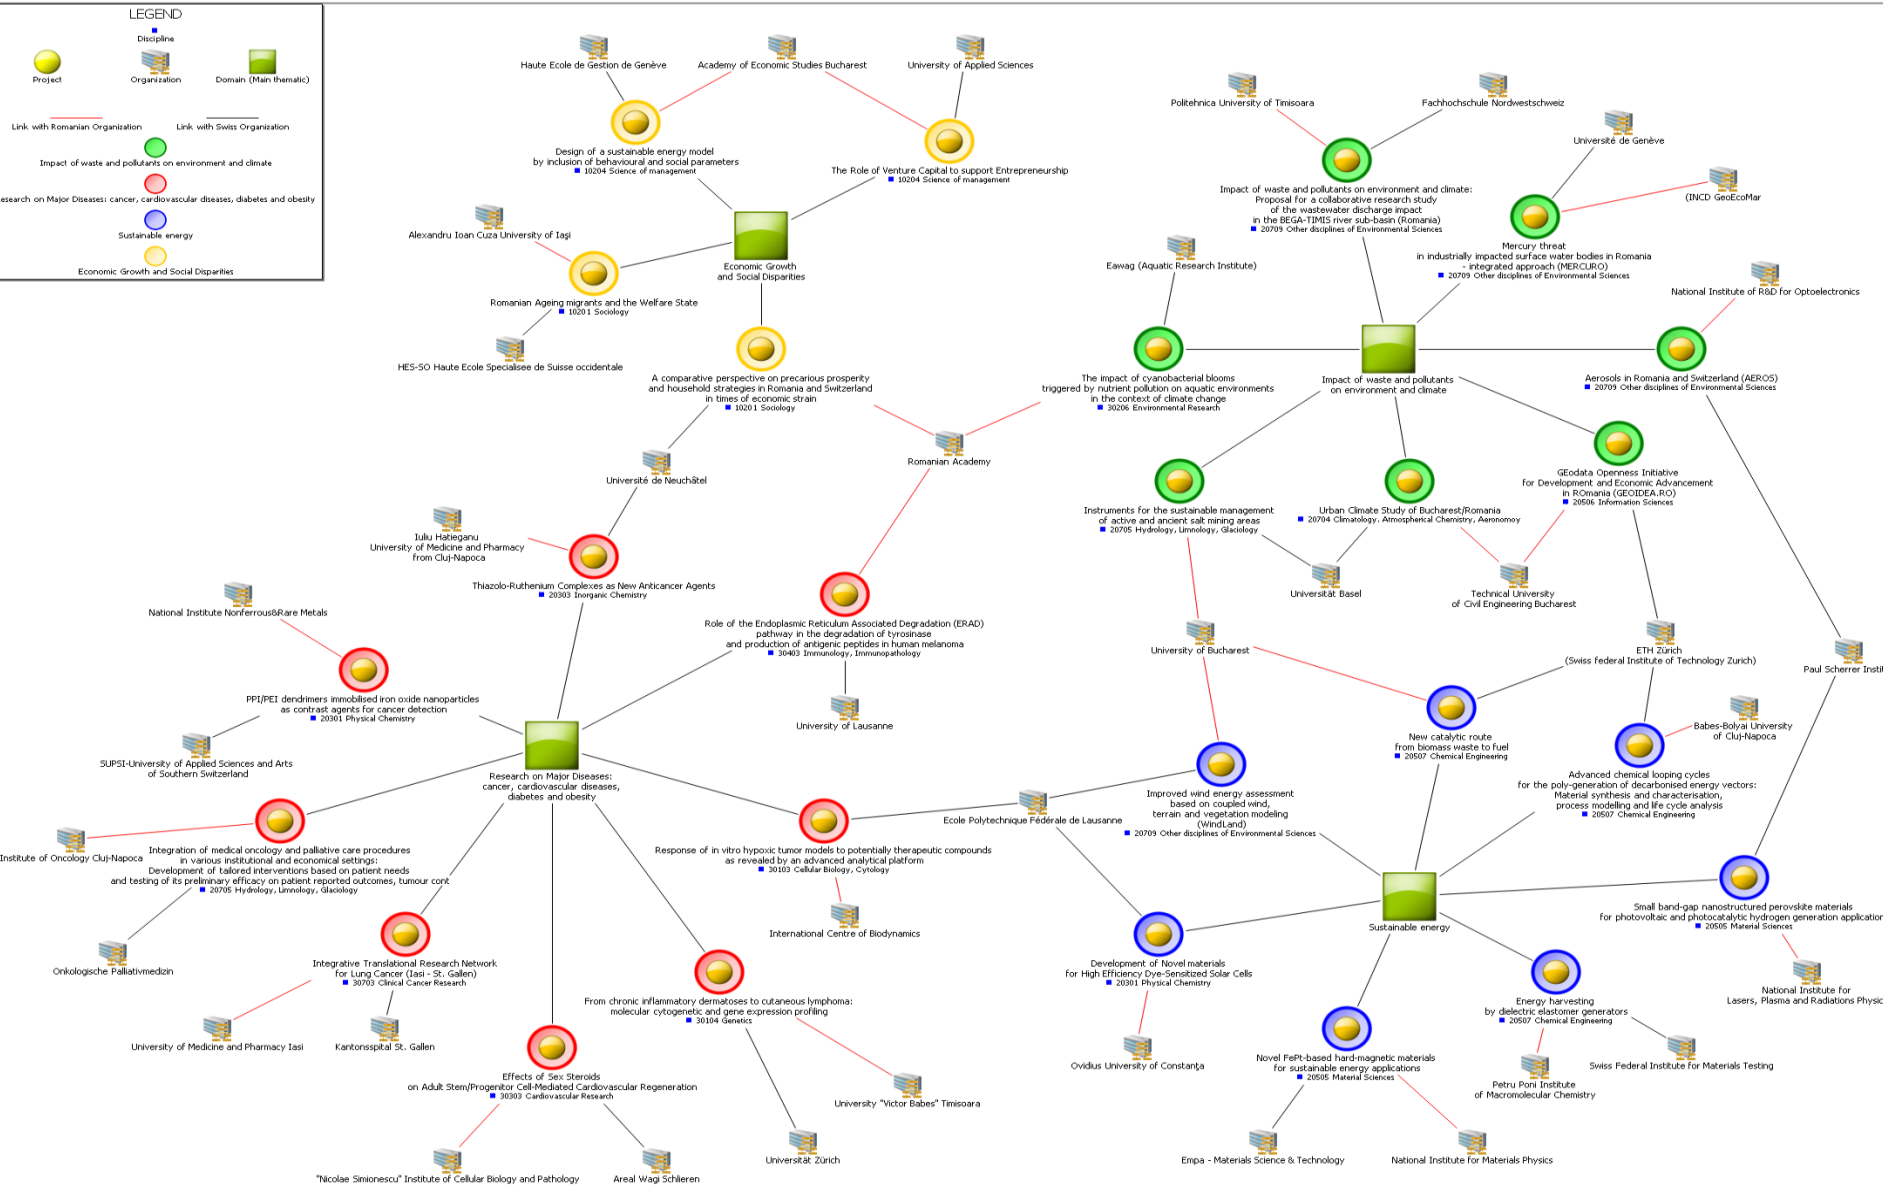

- Total budget: 10.421.031CHF, 85% Swiss Contribution and 15% Romanian Contribution;
- **One call** **66 submitted projects, out of which 26 funded projects:**
 - 8 projects in Research on Major Diseases: cancer, cardiovascular diseases, diabetes and obesity;
 - 7 projects in Impact on waste and pollutants on environment and climate;
 - 7 projects in Sustainable Energy;
 - 4 projects in Economic Growth and Social Disparities.
- **148 researchers involved (24 PhD candidates and 20 Post Docs).**

LEGEND

- Project (Yellow circle)
- Discipline (Blue square)
- Organization (Green square)
- Domain (Main thematic) (Green square)

Link with Romanian Organization (Red line)
Link with Swiss Organization (Grey line)

Impact of waste and pollutants on environment and climate (Green circle)
Research on Major Diseases: cancer, cardiovascular diseases, diabetes and obesity (Red circle)
Sustainable energy (Blue circle)
Economic Growth and Social Disparities (Yellow circle)

Conclusions

Impact on:

- Transfer of know-how between research groups;
- Training of the young Romanian researchers (doctorate candidates);
- Consolidating the scientific career (post-docs)
- Institutional collaboration SNSF, CRUS – UEFISCDI
