

7177/31.07.2008

Letter of Commitment

The Ministry of Education, Research and Youth – National Authority for Scientific Research – Romania expresses its interest in the participation of the Romanian scientific community in the National Science Foundation Program – Materials World Network.

The National University Research Council - Executive Agency for Higher Education and Research Funding, NURC-UEFISCSU as public central body and funding agency for the “IDEAS” and “Human Resources” Programs will coordinate this international cooperation.

This collaboration is in accordance with the existing strategic objectives of the National RDI System as well as with the goal and specific objectives of “IDEAS” Program.

NURC – UEFISCSU will design the terms of references in order to provide guidance to Romanian researchers who are interested in collaborating with the US investigators and wish to submit a proposal for the program.

Prof.dr.eng. Ioan Dumitrache

NURC President

Magda Cringasu

UEFISCSU Deputy Director
